Alka-Seltzer

*Universally
Used*

*Universally
Praised*

While I was visiting the Allentown Fair in September, I had a severe attack of indigestion.

The colored matron in the rest room gave me an Alka-Seltzer tablet in a cup of cold water. In ten minutes I was relieved.

I have had a sixty-cent package always on hand since and highly recommend it to my friends.

MRS. S. MAYHOOD

Efficient airplane stewardesses, competent nurses, friendly rest-room attendants, have opportunities to observe the prompt, pleasant, relief Alka-Seltzer brings. That is why they recommend it so enthusiastically.

"It helps me" say users who have had splendid results from taking it. "The fastest selling medicine in my store", say druggists.

No matter where you are, you are likely to be offered a glass of Alka-Seltzer when you are not feeling up to par.

It has been said that Alka-Seltzer has a million salesmen. If you are an Alka-Seltzer user, more than likely you are also an Alka-Seltzer salesman, for Alka-Seltzer makes enthusiastic friends.

If you don't use Alka-Seltzer, why not learn for yourself the prompt, pleasant relief it gives?

Alka-Seltzer Gives Two-Fold Relief

Alka-Seltzer contains an analgesic (sodium acetyl salicylate) which gives prompt relief from the distress of Headache, Gas on Stomach, Heartburn, "Morning After Feeling" and Muscular Pains. At the same time its alkalizing agents help to correct Acid Indigestion and other discomforts associated with an excess acid condition.

Large package, 60c

Keep this almanac for future reference

HANG THIS ALMANAC where you can refer to it easily. It contains Weather Forecasts, Astrological Calculations, the Moon's Phases, time of rising and setting of Sun and Moon each day, and so much other useful informa-

tion that you will find it well worth keeping.

We believe that Dr. Miles Almanac is the biggest single edition of any book in any language. 20,000,000 will be printed and distributed.

The Weather Forecasts in this Almanac are prepared by Prof. H. B. Gathright, a meteorologist of long experience. Forecasts prepared so long in advance, are not, of course, strictly accurate. Prof. Gathright's forecasts, however, are sufficiently accurate to create widespread attention and interest.

If you have a friend or friends to whom you would like almanacs mailed just send us the names and addresses and we will see that they receive copies.

For meaning of Zodiac Signs see page 3.

New Reduced Prices For Dr. Miles Effervescent Nerve Tablets Effective January 1, 1938

NOW — the increased demand gives us an opportunity to cut the cost of production and distribution of Dr. Miles Effervescent Nerve Tablets. so we have reduced the price to you, effective January 1, 1938.

LARGE PACKAGE 25 TABLETS \$1.00 — AFTER JANUARY 1, 1938, 75¢

SMALL PACKAGE 4 TABLETS 25¢ — AFTER JANUARY 1, 1938, 8 TABLETS 35¢

We know this will be good news to the thousands who have received so much benefit from taking Dr. Miles Effervescent Nerve Tablets, that they want to continue to use them.

Eclipses for 1938

In the year 1938 there will be four eclipses, two of the Sun and two of the Moon.

I—A Total Eclipse of the Moon, May 14th. The beginning visible generally in the Atlantic Ocean, except the eastern part, North America, except the extreme northern part, South America, eastern Australia, Pacific Ocean, except the northwestern part; the ending visible generally in the central and western part of North America, western part of South America, the Pacific Ocean, Australia, and the northeastern part of Asia.

II—A Total Eclipse of the Sun, May 29th, invisible here.

III—A Total Eclipse of the Moon, November 7-8, visible partly here; beginning visible general in Eurasia, western part of Australia, the Indian Ocean, Africa, the Atlantic Ocean, the Arctic Ocean, extreme north-eastern part of North America and extreme eastern part of South America; the ending visible generally in central and western Asia, part of Indian Ocean, Europe, Africa, Atlantic Ocean, North America, except extreme western and northwestern part, and South America.

IV—A Partial Eclipse of the Sun, November 21, invisible here.

Meaning of the Zodiacal Signs

Human and Planting Aspects

For ages many have believed that the twelve Zodiacal signs governed certain parts of the body. Also that certain days were more favorable to planting than others. On account of the widespread interest in the subject, a brief account of the signs is given according to the Zodiac which includes characteristics of persons born under each, and its influence upon planting.

Aquarius—Waterman—Legs. Begins January 18 and ends February 17. Quiet, practical, nervous and emotional; lovers of home; easily persuaded; sensitive; good natured; small executive ability. Well-set, strong body and long face. Congenial with those born under Virgo, Cancer, Leo, Sagittarius, Libra, and Scorpio. An airy, masculine sign. Seeds planted in this sign will rot.

Pisces—Fish—Feet. February 17 to March 21. Practical, intellectual, but nervous. Not easily convinced; good judgment and foresight. Inclined to diseases of the feet. Short stature and fleshy body with rather stooping gait. Congenial with Leo, Cancer, Virgo, Scorpio, Libra, Sagittarius. This is a watery sign, good for producing fruit of the earth. A good root sign if moon is on the wane. Being a watery sign it assists vegetation to withstand drought.

Aries—Ram—Head. March 21 to April 23. Positive in disposition, theoretical, and animal in feeling. Original, good reasoners and natural organizers. Lean body, spare and strong; grey eyes and sandy hair. Congenial with Scorpio, Sagittarius, Libra, Leo, Virgo and Cancer. A movable fire sign. Seeds planted in this sign produce vines or stalks. Crops that produce their yield above ground should be planted in the new or increasing light of the moon.

Taurus—Bull—Neck. April 23 to May 23. Positive, morose and good students. Excellent memories, strong likes and dislikes. Inclined to diseases of the throat. Handsome, rather large frame, good complexion and animal magnetism. Congenial with Sagittarius, Libra, Virgo, Scorpio, Cancer and Leo. Root crops of quick growth will be good when planted in this sign. These crops should be planted in the old or decreasing light of the moon to produce the best yield.

Gemini—Twins—Arms. May 23 to June 22. Negative, theoretical, but intellectual. Restless and faultfinders. Inclined to diseases of the bronchial tubes and arms. Tall body, sanguine complexion, brilliant eyes and brown hair. Congenial with Leo,

Cancer, Virgo, Libra, Scorpio, Sagittarius. A barren sign. Good time to plant melon seeds and all plants that produce their yield above the ground. The soil should be stirred in this sign to subdue all noxious weeds.

Cancer—Crab—Breast. June 22 to July 21. Positive in disposition; optimists; lovers of home; good managers. Congenial with Taurus, Gemini, Aries, Scorpio, Sagittarius and Libra. This is a watery, fruitful sign in which all plants germinate quickly.

Leo—Lion—Heart. July 21 to Aug. 21. Passive in disposition; love flowers and art; sensitive. Congenial with Pisces, Capricornus, Aquarius, Gemini, Aries, and Taurus. This is a barren sign. Unfavorable to growth of seed or transplanting. Favorable to destroy weeds.

Virgo—Virgin—Bowels. August 21 to Sept. 23. Intellectual, optimists, possess humor but indulge in satire. Inclined to diseases of digestive organs. Congenial with Capricornus, Aquarius, Pisces, Aries, Taurus, Gemini. A barren sign; unfavorable to growth of seed or transplanting. A good sign for flowers.

Libra—Scales—Reins. Sept. 23 to Oct. 26. Animal nature; hearty eaters; good inventors; executive ability; good judgment. Congenial with Taurus, Gemini, Aries, Aquarius, Pisces, Capricornus. This is a strong movable sign and seeds planted at this time produce vigorous pulp growth and roots and a reasonable amount of grain.

Scorpio—Scorpion—Loins. Oct. 26 to Nov. 25. Selfish; do not forgive easily; quickly offended; silent, dignified and domestic. Congenial with Gemini, Aries, Taurus, Pisces, Capricornus and Aquarius. This is a fruitful sign and produces watery effects. A good sign to plant corn in.

Sagittarius—Bowman—Thighs. Nov. 25 to Dec. 22. Original thinkers; keen and quick; hard to get acquainted. Congenial with Taurus, Aries, Gemini, Aquarius, Capricornus and Pisces. This is a fiery sign and not favorable to plant or transplant in. If moon is dark or on the wane radishes or potatoes may be planted.

Capricornus—Goat—Knees. Dec. 22 to Jan. 18. Positive, practical and nervous. Self-willed, persistent and possess strong individuality. Inclined to diseases of the knees and large joints. Congenial with Leo, Virgo, Cancer, Scorpio, Sagittarius and Libra. This is a moist sign, produces rapid growth of pulp, stalk or roots but not much grain.

Salaries of the President, Vice-President Cabinet Officers and Congressmen

The salary of the President is \$75,000 a year. In addition he has an allowance of \$25,000 a year for traveling expenses and official entertainment. Heating, lighting, care and furnishing of the executive mansion are paid for by the government, but ordinary household and other personal expenses, are paid by the President.

George Washington's salary was \$25,000 a year and succeeding Presidents received the same salary until President Grant's second administration in 1873 when it was doubled.

In 1909 it was increased to \$75,000 a year. William Howard Taft was the first president to draw this salary.

Thomas Jefferson first Secretary of State, was paid \$3,500 a year.

Alexander Hamilton, first Secretary of the Treasury received the same.

Henry Knox first Secretary of War, received \$3,000.

The duties of the Attorney General were so light, that Edmund Randolph first Attor-

ney General, considered it a part time job and served for nothing.

The entire Cabinet was placed on a basis of \$8,000 a year in 1853. This was increased to \$10,000 in 1873. In 1907 Cabinet Members were raised to \$12,000 and in 1935, to \$15,000 a year.

For nearly fifty years after the establishment of the United States of America, members of Congress were paid \$6.00 a day. This salary was paid only when they were attending sessions and paying strict attention to business. It was not until 1856 that they received a straight salary of \$3,000 a year.

The case of the President Pro Tem of the Senate, the salary was \$8,000 a year and the Speaker of the House received \$6,000 a year. In 1907 Congressmen received \$7,500 and in 1925, the salary was fixed at \$10,000 a year.

In 1853, Congress fixed the salary of the Vice-President at \$8,000 a year. In 1873, the salary was fixed the same as that of the Cabinet officers of \$10,000. In 1907 the Vice-President's salary was raised to \$12,000 a year and in 1925, to \$15,000.

"For many years I suffered periodically from what, for want of a better name, I termed 'Blind Headache.'"

These headaches were accompanied by nausea and vomiting, and soreness in eyes and head continued for several days after each seizure.

I am happy to write you voluntarily that Alka-Seltzer has banished all such attacks. One tablet taken at the first symptom corrects the trouble."

D. Leslie Davis

WEATHER FORECASTS FOR JANUARY, 1938

1st to 4th—Changeable Period. Weather moderating in northern portions. Cloudy and threatening in south Atlantic states and along Gulf coast. Variable conditions over western sections.

5th to 8th—Unsettled. Snow in states of the northwest, over the Lake region and New England. Cold and unsettled conditions general in states of the middle-west.

9th to 12th—Moderating. Damp and foggy at most points east of the Mississippi river. Threatening over states of the southwest and midwest, with strong gales along coastal waters.

13th to 16th—Fair Wave. Fair and open conditions at most points east of the Mississippi river. Blustery over Lake region and northwest territory.

17th to 20th—Storm Period. Very blustery over Lake region with cold and snow storms over the northwest and midwest. Unsettled and stormy over all eastern sections.

21st to 24th—Cold Wave. Low temperature for states of the northern half of the country. Much wind and cold weather general.

25th to 27th—Threatening Period. Windy and stormy weather over Rocky Mountain region and states west of the Mississippi, with gales along all coastal waters. Clear and moderating conditions over eastern portions.

28th to 31st—Fair Period. Fair and pleasant conditions in states of the south and southwest. Fair and cold in the Middle Atlantic states. Blustery over northwest sections.

The temperature for the month will be near to normal.

The rainfall will be slightly below normal.

*Every Member of the Family
Says*

**"There's Nothing Quite Like
Alka-Seltzer"**

And They Say it With a Smile

GRANDFATHER

IN COUNTLESS homes throughout the world, Alka-Seltzer is a favorite because it tends to relieve quickly — it has a clean, tangy flavor — makes a clear sparkling solution, pleasant to the eye and it even sounds good when dissolving. Drop a tablet or two into a glass of water and listen to that cheerful fizz.

Yes, Alka-Seltzer is making countless homes happier by helping members to keep feeling their best.

How about Alka-Seltzer in your home? Do you always have a package where every member of the family can use it whenever they want prompt relief from common everyday discomforts?

Why not check over the list at bottom of this page and see how often the need for relief of this kind arises in your family.

TWO-FOLD RELIEF WITH ALKA-SELTZER

FIRST —

Because it contains an analgesic (sodium acetyl-salicylate) Alka-Seltzer tends to relieve pain and discomfort promptly.

SECOND —

Because of its alkalizing properties, it helps to correct the cause of many everyday ailments associated with an excess acid condition.

✓ Check

HEADACHE—One or two tablets in a glass of water.

SOUR STOMACH, DISTRESS AFTER MEALS, ACID INDIGESTION—One or two tablets in a glass of water after meals.

MUSCULAR ACHES AND PAINS, NEURALGIA, HEARTBURN—One or two tablets in a glass of water.

MORNING AFTER—Alka-Seltzer helps to correct the excess acid condition caused by over indulgence in food, drink or tobacco.

COLDS—At the first sign of a cold, take two Alka-Seltzer tablets in a glass of hot water. Repeat every two hours until six or eight have been taken.

MINOR THROAT IRRITATIONS — Dissolve two Alka - Seltzer tablets in one-fourth glass of hot water. Use as a gargle as needed until relieved.

Mother—"Bobbie, there comes your music teacher. Have you washed your hands and face?"

Bobbie—"Yessum."

Mother—"And your ears?"

Bobbie—"I washed the one that will be next to her."

WEATHER FORECASTS FOR FEBRUARY, 1938

1st to 5th—Unsettled Period. Blustery and threatening conditions in states of the northwest and Lake region. Damp, cloudy and disagreeable over southern, central and eastern states.

6th to 9th—Blustery Spell. Very stormy conditions at most places with much cold in northern half of the country.

10th to 14th—Storm Wave. Heavy snowfall over states of the west and northwest. Rain and sleet in states of the middlewest. Damp and cold in Middle Atlantic and New England states.

15th to 18th—Threatening. Windy and unsettled conditions general. Much snow over Rocky Mountain region and the northwest. Dangerous gales along all coastal waters.

19th to 22nd—Cold Period. Low temperature with high winds from the northwest sweeping over a great part of the country. Freezing cold far to the south.

23rd to 25th—Pleasant Wave. Fair and moderating in states of the west and middlewest. Pleasant conditions in states of the south and southwest. Changeable conditions over Lake region and New England.

26th to 28th—Unsettled. Stormy and unsettled over states of the northwest. Blustery over states of the Lake region and new England. Cool and damp over southern sections.

The temperature for the month will be generally below the average.

The precipitation slightly above the average.

WELL TUNE
OUT THE
ALKA-
SELTZER
ANNOUNCEMENT

Don't - THAT'S THE MOST
IMPORTANT THING
YOU'LL HEAR TONIGHT

"When statements about Alka-
Seltzer are made over the air,
please, please believe them".

Mrs. Oma Catherine Jones

WE SPONSOR radio programs because they give us
a chance to tell you about modern, pleasant, effec-
tive ALKA-SELTZER.

You should use Alka-Seltzer not because "your pur-
chases make this program possible," but because Alka-
Seltzer will help you to get prompt and pleasant relief
from many everyday aches and pains.

Millions, we believe, will agree that the many hours that
Alka-Seltzer has made them pain-free and happy, are
far more important than the enjoyment they get from
the radio programs.

Unlike other medicines, Alka-Seltzer helps you in two ways—

First—it tends to relieve the discomfort of Headache, Colds, "Morning After",
Gas on Stomach and Muscular Pains, because it contains an analgesic,
(sodium acetyl-salicylate).

Second — Its alkalizing agents help to correct the cause of acid indigestion
and other ailments due to hyperacidity.

You'll like Alka-Seltzer. It tastes good, acts promptly and leaves no un-
pleasant after-effects.

— Get it at your Drug Store —

Large Package 60¢ Small Package 30¢

You can also get Alka-Seltzer by the
glass at all Drug Store Soda Fountains.

By the way, Alka-Seltzer might do as
much for you as it did for Mrs.
Jones. Read her letter.

"For the past seventeen years I have
suffered with headaches. Sometimes
so severe that I would get dizzy and
the doctor would make me go to bed.
Just one month ago I took a very bad
spell. I took two tablets in a glass
of water and laid down to wait
thinking, "its just like all the rest".
To my surprise, in a short time
I felt all right. It seemed like
magic, really.

"If I had put more faith in your
radio announcements, I would have
saved myself so much pain and
so much money. I say when state-
ments about Alka-Seltzer are made
over the radio, please, please, be-
lieve them."

Mrs. Oma C. Jones

ORIGIN OF A PACK OF CARDS

Playing cards originated in Hindustan, early
in the seventh century. It was not until
1392—one hundred years before America was
discovered—that a Frenchman Jaques Gun-
goneur, designed a deck of cards similar to
those in use today.

He fixed fifty-two as the number of cards,
one for each week of the year. He put on
three hundred sixty-five spots, one for each

day in the year. He used thirteen cards to
the suit, one for each lunar month of the
year and four suits, each suit representing
one of the four classes of society of that day.

The suits were pique (pike) signifying
soldiers—Trefle (clover) was the emblem of
agriculture—Carreaux (diamond) represent-
ing the diamond shaped tile used by artisans
—Couer (heart) which was originally used
to identify the Clergy.

STATES

"For the past five years my wife has been subject to terrible headaches that lasted for several days. Tonight she came home with another headache. I placed cold water cloths on her forehead, rubbed the back of her neck with no success. She asked for an Alka-Seltzer and in less than one hour from the time she took two tablets in a glass of warm water, she was up, fit as a fiddle, cooking my delayed supper."

Alex Pastor, Jr.

WEATHER FORECASTS FOR MARCH, 1938

1st to 3rd—Cool Spell. Rather cool and windy over northern part of the country. Damp, foggy and unsettled in most states east of the Mississippi river.

4th to 8th—Windy Period. Blustery and generally unsettled in states of the Great Lakes and middle-west. High winds over states of the Gulf border and south Atlantic.

9th to 12th—Unsettled Wave. Damp and blustery over states of the northwest and Lake region. Much rainfall in southern states and those of the southwest.

13th to 17th—Cold Spell. Unusually cold for March in states west of the Mississippi river. Disagreeable conditions at many points in southern and eastern sections.

18th to 22nd—Pleasant Period. Genial weather in states of the west, the Gulf border and the south Atlantic states. Unsettled over New York and New England.

23rd to 27th—Blustery Period. Cold and blustery in the northwest and over Rocky Mountain region. High winds along the Great Lakes and north Atlantic coast. Changeable conditions in the south and southwest.

28th to 31st—Warm Wave. Pleasant weather at most points south and east. Warm winds over Rocky Mountain region and the northwest.

The temperature will be near to normal.

The precipitation will be at, or slightly above normal.

A Real Life Drama

ACT I

THE LITTLE drama illustrated is from the experience of Mrs. Leola Reynolds. You will find her letter on this page. Thousands of similar dramas are being enacted in homes throughout the world every day.

When the trouble is Stomach Gas, Sour Stomach, "Morning After", Colds or Muscular Aches and Pains, it has become almost a universal custom to call Alka-Seltzer to the rescue.

Alka-Seltzer is so pleasant to take that even children enjoy its clean, tangy flavor. It tends to give such effective help in relieving pain and discomfort that - once you have used it - you're not satisfied to go back to less pleasant or less effective medicines.

Alka-Seltzer tends to relieve pain quickly because it contains an analgesic (sodium acetyl-salicylate) but pain relief is only part of the beneficial effects you may expect from its use.

Alka-Seltzer contains alkalizing agents which help to correct the cause of Acid Indigestion and other simple ailments due to an over acid condition.

Small Package 30c

Large Package 60c

Why not try a glass of Alka-Seltzer at your Drug Store Soda Fountain

"I had such attacks of gas that I could not stand the severe pain to even walk across the floor and could not draw a deep breath without pain. When I heard about Alka-Seltzer, I bought a large size package and the relief I felt was marvelous."

"I can now eat freely and if I take an Alka-Seltzer there is no bloating, pain or after-effects whatever and I am sleeping much better than before I started using it. I shall recommend Alka-Seltzer to all of my friends."

Mrs. Leola Reynolds

ACT 2

MARCH PLANTING DATES

1-2-3—Seeds planted in this sign liable to rot. 4-5—Fairly good sign. Helps vegetation to withstand drought. 6-7—A good time to plant crops that produce yield above ground. 8-9—Fairly good for root crops of quick growth. 10-11—Good time to plant seeds that produce yield above ground. Good time to subdue weeds. 12-13—Plant in this sign for quick growth. 14-15—Unfavorable for plant-

ing—good time to destroy weeds. 16-17-18—Unfavorable for planting except for flowers. 19-20—Good for pulp and roots—fairly good for grain. 21-22—Fruitful signs, especially good for corn. 23-24-25—Unfavorable, except for radishes, potatoes and other root crops. 26-27-28—Good for pulp or stalk, not good for grain. 29-30—Seeds planted now liable to rot. 31—A good time to plant root crops.

"Being a family who do not believe in taking all sorts of remedies did not think your advertising talk could be genuine. One day mother had a dreadful headache, nothing seemed to give relief. I said, 'Let's give Alka-Seltzer a try.' We got a bottle and from that day to this we have never been without it. We keep one in the medicine cabinet and the other in mother's dressing room upstairs."

WEATHER FORECASTS FOR APRIL, 1938

1st to 4th—Changeable Period. Threatening over southern and eastern sections. Cold and backward over northern sections. Dry and fair over the southwest.

5th to 8th—Storm Wave. Wind and rain over the Lake region and Middle Atlantic states. Showers over many points in southern and eastern sections. Tornado tendencies in states of the southwest.

9th to 13th—Mild Wave. Spring-like conditions in southern and eastern states. Foggy and damp over Lake region and New England. Unsettled on Pacific slope and the Rocky Mountain highland.

14th to 18th—Unsettled Period. Unsettled conditions general in states of the south, southwest and middle-west. Showers in New England and stormy conditions over Lake region.

19th to 22nd—Warm Wave. Warm and pleasant at most points in west and southwest. Fair and summer-like in southern and eastern sections.

23rd to 26th—Storm Period. Storms of lightning, wind and hail general at this time, with rain and high water at many points.

27th to 30th—Damp Period. Damp and foggy at most points east of the Mississippi river. Cool and threatening in western sections.

The temperature will be above the average.

The rainfall will be normal.

A GRAND OLD SOLDIER

at 20 HE FOUGHT IN THE CIVIL WAR
at 30 HE FOUGHT THE INDIANS
 WITH BUFFALO BILL
at 95 HE FIGHTS ACHES AND PAINS
 with Alka-Seltzer

H EADACHES, Gas on Stomach, Sour Stomach, Colds, "Morning After" and Muscular Aches and Pains are no respecter of persons. Young and old, rich and poor, bank president, WPA worker, are all subject to these minor ailments.

Alka-Seltzer is no respecter of persons. It is effective in youth, middle age and old age. It brings relief to young and old, rich and poor.

Mr. Warfield is ninety-five years old. He finds Alka-Seltzer a great comfort, as do hundreds of thousands of people of all ages from nine to ninety.

Read Mr. Warfield's letter.

Alka-Seltzer's sparkling, bubbling, cheerful fizz, the clean tangy taste, make it a pleasure to take. But you can't appreciate the real value of Alka-Seltzer until you have enjoyed the prompt relief it brings.

ALKA-SELTZER'S DUAL ACTION

Alka-Seltzer contains an analgesic (sodium acetyl - salicylate) which tends to relieve pain, while its alkalinizing agents help to correct those everyday ailments associated with an excess acid condition.

"I am an old soldier going on to my ninety-fifth birthday. Been through several wars, fought Indians with Buffalo Bill.

"I listen regularly to your Saturday night programs which I enjoy very much and most of all I am your regular customer on Alka-Seltzer. When I have a little spell of indigestion or possibly have taken a cold, Alka-Seltzer is my only remedy. I get up voluntarily at night without assistance, and take an Alka-Seltzer, and I go right back to sleep.

"Assuring you my appreciation of both your product and your fine programs, I am
 J. C. Warfield

APRIL PLANTING DATES

1—Good time to plant root crops. 2-3—Good time to plant crops that produce yield above ground. 4-5—Fairly good for root crops of quick growth. 6-7—Good for plants that produce yield above ground. 8-9—Fruitful sign. Seeds planted now germinate quickly. 10-11-12—Unfavorable to plant, good time to destroy weeds. 13-14—Unfavorable except for flowers. 15-16-17—Plant now for pulp and roots and a

fair amount of grain. 18-19—Good time to plant, especially good for corn. 20-21—Unfavorable to plant or transplant. 22-23-24—Plant now for quick growth of pulp or roots, not especially good for grain. 25-26—Seeds planted now liable to rot. 27-28-29—Good for plants that produce yield above ground. 30—Good for vines, stalks and crops that produce yield above ground.

WHAT YOU
NEED IS
**ALKA-
SELTZER**

Even your *luke warm* friends
will tell you about Alka-Seltzer

ALKA-SELTZER users are so enthusiastic that they want to tell the world about it. You have probably been told more than once to "take an Alka-Seltzer". If you use Alka-Seltzer probably you have suggested to friends that they try it.

"Word of mouth" is the most effective advertising in the world. The better the product, the more "word of mouth" advertising it gets.

We believe that users have said more kind things about Alka-Seltzer than about any other drug product. We know that Alka-Seltzer is more in demand, in most Drug Stores, than any other medicine on the Druggists' shelves. Yet six years ago only a few people had ever heard of Alka-Seltzer.

Alka-Seltzer is a success because it makes good. Thousands, like Mr. Boetey, whose letter is published on this page, have found that it relieves so many pains and discomforts.

ALKA-SELTZER'S DUAL ACTION

Because Alka-Seltzer contains an analgesic (sodium acetyl-salicylate) it tends to relieve pain. At the same time its alkalizing agents help to correct the cause of those disorders associated with an excess acid condition. Use Alka-Seltzer for Gas on Stomach, Headache, Sour Stomach, Colds, "Morning After", and Muscular Pains.

"A friend urged me to try Alka-Seltzer for that "Morning After" headache and I was delighted with the results. Later I used Alka-Seltzer for a cold and it cleared up in jig time. Alka-Seltzer is so pleasant to take that I don't know why I waited so long before trying it."

Mr. Louis Boetey
Albany, N. Y.

MAY PLANTING DATES

1—Good for vines, stalks and crops that produce yield above ground. 2-3—Not particularly favorable for planting. 4-5—Good time for all plants that produce yield above ground. 6-7—Good sign. Seeds planted now germinate quickly. 8-9—Unfavorable for crops. Good time to destroy weeds. 10-11-12—Unfavorable except for flowers. 12-14—Plant now for stalk and root growth and fair amount of grain.

15-16—Good for all crops, especially good for corn. 17-18-19—Generally unfavorable. 20-21—Plant now for quick growth of pulp and roots but not much grain. 22-23-24—Seeds planted now liable to rot. 25-26—Good sign for any kind of crops. 27-28—Fairly good for vines and stalks, not very good for grain. 29-30—Fair for root crops. 31—Good to plant seeds that produce yield above ground.

WEATHER FORECASTS FOR JUNE, 1938

1st to 4th—Rain Wave. General rains in states of the northwest. Threatening and cloudy in states of the Lake region and New England. Showery in the Appalachian mountain region.

5th to 8th—Variable Spell. Showers in states of the south Atlantic slope. Threatening in New England states. Very dry in states west of the Mississippi river.

9th to 12th—Dull Period. Damp and disagreeable over the Great Lakes, New York and New England. Fog and drizzle in states of the Gulf and south Atlantic.

13th to 18th—Cool Wave. Cool and pleasant in states of the Rocky Mountains and the northwest. Unsettled at many points east of the Mississippi. Seasonable conditions south.

19th to 22nd—Hot Wave. Great humidity felt at most points especially in the large cities of the middlewest. Hot and dry on the Pacific slope.

23rd to 25th—Storm Period. Much lightning, wind and rain in sections east of the Mississippi river. Dry with local dust storms in west and southwest sections.

26th to 30th—Variable Spell. Unsettled in Middle Atlantic and New England states with wind and showers in south and southeast sections. Dry and windy over states of the northwest.

The temperature will be below the average.

The rainfall will be at, or a little above the average.

HERE YOU ARE MR. TRIPP. IT'S
TIME FOR YOUR NEXT GLASS
OF ALKA-SELTZER

THANKS, I HAD
FORGOTTEN ALL
ABOUT MY COLD

"From the time I had taken the third dose,
the symptoms had left me."

H. F. Tripp

**Uses Alka-Seltzer for Acid In-
digestion and Colds**

"I had used Alka-Seltzer for acid indigestion with great success but recently had occasion to use it in forestalling the suffering incident to a bad cold.

"One morning last week I began to sneeze frequently. My nose and throat showed an excess of mucus. I also felt feverish and then cold. I took one tablet of Alka-Seltzer in warm water and then followed with one tablet every two hours until I had taken three.

"After the first dose I stopped sneezing and by the time I had taken the third dose the other symptoms had left me."

H. F. Tripp

NO ONE is quite so well qualified to give an opinion as the man who knows from *personal experience*. That is why so much of our advertising is based on the letters we receive from *actual users*.

We do not pay for these letters — they are, we believe, the real experiences of real people.

A letter from H. F. Tripp, well known attorney of Oklahoma City is typical of hundreds that we receive.

There are one or two things about treating a cold with Alka-Seltzer that Mr Tripp did not know and that you should know. To help relieve the stuffed up feeling of a cold, drop an Alka-Seltzer tablet into a third of a glass of water, pour a little into your hand and snuff it up your nose.

To ease a sore, scratchy feeling in your throat that accompanies many colds, gargle with a solution made by dropping two tablets of Alka-Seltzer into a fourth of a glass of water.

To relieve other distressing cold symptoms take two tablets of Alka-Seltzer in a full glass of water. Repeat every two hours for eight hours if necessary. This gives you, in pleasant convenient form, the salicylate alkalizing medication generally approved in the treatment of colds.

Use Alka-Seltzer for Gas on Stomach, Headache, Sour Stomach, Colds, Neuralgia, "Morning After" and Muscular Pains.

A glass of Alka-Seltzer contains an analgesic (sodium acetylsalicylate) as well as alkalizing agents. For this reason it tends to relieve pain and at the same time helps to correct hyper-acidity.

Get Alka-Seltzer at your Drug Store.

Large package 60¢, Small package 30¢

Or get a glass of Alka-Seltzer at his soda fountain

JUNE PLANTING DATES

1—Good time to plant seeds that produce yield above ground. 2-3—Plant now for quick growth and good crops. 4-5—Unfavorable to plant or transplant but a good time to destroy weeds. 6-7-8—Unfavorable for everything except flowers. 9-10—Plant now for good pulp growth and considerable amount of grain. 11-12-13—Good sign, especially good for corn. 14-15—Unfavorable except for radishes and

root crops. 16-17-18—Good for quick growth of pulp and roots, not good for grain. 19-20—Seeds planted at this time liable to rot. 21-22—Good time for all planting, especially good for root crops. 23-24—Fairly good for vines or stalks. 25-26—Fairly good for root crops of quick growth. 27-28—Good time to plant all crops that produce yield above ground. 29-30—Plant now for quick growth and a fair crop.

IN THE FACTORY

Aspir-Mint
Gives this Mother
**PAIN-FREE
HAPPY HOURS**

WHETHER your occupation is the most important in the world—or one of less responsibility, you can't afford to let aches and pains interfere with your work.

Mrs. Maddox, whose letter is published on this page, is a better and happier Mother; her children are better and happier children because of Aspir-Mint.

You are a better and happier stenographer or clerk or industrial worker when you are free from pain.

Aspir-Mint

*For Headache, Neuralgia, Muscular
Pains and Colds*

Being a combination of two pain relieving medicines, it often acts more quickly and more effectively than either of its ingredients when used alone.

You will like these pleasant-tasting mint-flavored tablets and you will be delighted with the quick relief they give.

Dr. Miles' Aspir-Mint is put up in handy flat boxes that are just the right size and shape to fit your vest pocket or to go into your handbag.

This size package contains a full dozen tablets and sells for only *fifteen cents*. For family use, Aspir-Mint is packaged in neat, green bottles, which contain seventy-five tablets and sell for *sixty cents*.

Like all other Miles' preparations, Aspir-Mint is guaranteed to give satisfaction or your money will be refunded.

See Miles' guarantee on page 31.

"Ever since the birth of my twin boys I have suffered with headaches and pains, but I find Aspir-Mint always relieves me. 'I cannot find words to express my thanks to Aspir-Mint.'
Mrs. Dexter Maddox

JULY PLANTING DATES

1-2-3—Unfavorable for planting anything except flowers. 4-5—Plant now for good pulp and root crops and fair amount of grain. 6-7—Plant now for healthy pulp and root growth and fair amount of grain. 8-9-10—Good for all crops, especially good for corn. 11-12—Unfavorable time to plant. 13-14-15—Plant now for rapid pulp and root growth but not much grain. 16-17—Seeds planted at this time liable

to rot. 18-19-20—Good time for all crops especially good for roots. 21-22—Good time to plant only for vines or stalks. 23-24—Fairly good for root crops. Quick growth. 25-26—Good for all plants that produce yield above ground. 27-28—Plant now for quick growth and a good crop. 29-30—Unfavorable time to plant. 31—Unfavorable for everything except flowers.

"It would be hard for me to praise in words just how much I like your Aspir-Mints. I like them for colds, headaches and especially rheumatic pains. I suffered a lot from rheumatic pains and I always take Aspir-Mint."

Miss Faye Smith

"Your Aspir-Mints are the best medicine I have ever taken for pain. I am never without them."

Mrs. Beckett

1. Battle of Gettysburg 1863.
2. Pres. Garfield assassinated 1881.
3. Battle of Santiago 1898.
4. Independence Day.
5. Hawaii annexed 1898.
6. Davis nominated by Democrats 1924.
7. Bryan's Free Silver speech 1896.
8. Hull's invasion of Canada 1812.
9. Atlantic Cable laid 1866.
10. First World's Fair in U. S. 1853.
11. Battle Chateau Thierry 1918.
12. Capture of Stony Point 1779.
13. Spanish Army surrenders 1898.
14. Lincoln calls for 500,000 volunteers 1864.
15. West Point fortified 1779.
16. Confederate Congress meets 1861.
17. Battle of Bull Run 1861.
18. Pilgrims leave for America 1620.
19. U. S. Grant died 1885.
20. National Convention Populist Party 1896.
21. Grant made General 1866.
22. Jane McCrea slain 1777.
23. First official mail car 1862.
24. 14th Amendment proclaimed 1863.
25. First U. S. patent issued 1790.
26. Plattsburg taken by British 1814.

"My razor doesn't cut at all!"

"Why, John, don't tell me that your beard is tougher than the linoleum."

WEATHER FORECASTS FOR JULY, 1938

1st to 3rd—**Sultry Period.** Great heat over western, southern and eastern states. Dry, hot and threatening over northern states.

4th to 8th—**Unsettled Period.** Thunder storms locally in states of the northwest and middlewest. Wind and rain over the Lake region and New England. Unsettled over southern and eastern states.

9th to 13th—**Fair Wave.** Fair and warm in states of the northwest and middlewest. Hot and dry in states of the southwest. Fine weather over Lake region and New England.

14th to 17th—**Unsettled.** Generally stormy with lightning and hail at points over northern half of the country. Warm and threatening in southern sections.

18th to 23rd—**Pleasant Period.** Cool nights and mornings at most points in the northwest and middlewest. Pleasant conditions in southwest and southern sections. Seasonable in eastern states.

24th to 27th—**Rain Wave.** Unsettled and stormy conditions locally in states of the northwest. General rains in sections east of the Mississippi river.

28th to 31st—**Sultry Spell.** Very sultry in sections west of the Mississippi river. Hot and threatening in eastern sections. Unsettled in states of the Lake region.

The temperature will be a little above the average. The rainfall will be deficient at most places.

HOW ARE YOUR Bowels?

In ancient times, people did not say "How do you do?" They said, "How are your bowels?"

The ancients thought that the bowels were the seat of the emotions.

We find in the Bible, the expression—"Bowels of Compassion." Today the same writer would probably say—"Heart of Compassion."

Today we have better and more pleasant ways to remove waste from the body than the ancients ever dreamed of.

DR. MILES LITTLE PILLS

A mighty good laxative

Small and easy to take; gentle but positive in action. You will like the feeling of internal cleanliness that follows the use of Dr. Miles Little Pills.

One of the first questions your Doctor will ask is "how are your bowels?" He knows that a Dull Headache, Indigestion, a feeling of Fatigue, Bad Breath, and a Muddy Complexion, are often caused by sluggish bowels.

"Keep your head cool, your feet warm and your bowels open," is a good rule to follow.

If you need a laxative, try Dr. Miles Little Pills tonight before you go to bed. You'll be pretty sure to feel better tomorrow.

Your druggist sells Dr. Miles Little Pills, fifty for 25¢.

Civics Teacher—"Can anyone give me a sample of indirect tax?"

Pupil—"The dog tax."

Teacher—"Why is that an indirect tax?"

Pupil—"Because the dog don't pay it."

WEATHER FORECASTS FOR AUGUST, 1938

1st to 3rd—Rain Wave. Rain with local floods at many points in the east at this time. Unsettled in states of the Gulf border and those of the Atlantic slope. Changeable conditions over northwest sections.

4th to 8th—Cool Spell. Cool, backward weather over Middle Atlantic and New England states. Fair and pleasant over northwest and middlewest states.

9th to 12th—Storm Period. Storms of wind and hail at many points in the northwest, the Lake region, New York and New England. High winds on Gulf and south Atlantic coastal waters.

13th to 17th—Unsettled Period. Showers over Lake region and in Middle Atlantic and New England states. Wind and threatening over northwest and Rocky Mountain region.

18th to 21st—Hot Wave. Great heat over most of the country at this time. General sultriness prevailing in the large cities of the east and middlewest.

22nd to 26th—Storms. Thunder, lightning and rain general throughout the south. High winds and threatening clouds at many points east.

27th to 31st—Sultry Spell. Very warm in states west of the Mississippi river. Excessive sultriness felt in southern and eastern sections.

The temperature will be above the average.

The rainfall will be near normal.

**HEADACHE or
NO HEADACHE
I MUST GET DINNER**

How often have you dragged through days made long and dreary by a Headache, Neuralgia or Muscular Pains—days when only your sense of duty kept you on the job.

Home Making is Fun

When you feel well; it is misery when you don't.

MRS. Doppler says that DR. MILES ANTI-PAIN PILLS relieve the headache she often gets when—tired and nervous—she is cooking a meal.

Dr. Miles Anti-Pain Pills usually relieve Headache whenever it attacks you and whatever you may be doing—and you will find them effective in the relief of Muscular Pains and Neuralgia. Thousands of suffering men and women find their sense of pain greatly lessened soon after they have taken one or two DR. MILES ANTI-PAIN PILLS.

A package of these prompt acting pain relievers in the pocket or handbag as well as in your medicine cabinet at home, may save you hours of suffering.

Dr. Miles Anti-Pain Pills will not upset the stomach or cause constipation. They are pleasantly flavored with wintergreen.

Be ready to combat your next headache. Get a package of Dr. Miles Anti-Pain Pills the next time you pass a Drug Store. All Druggists sell Dr. Miles Anti-Pain Pills in Regular packages, 25 pills for 25¢ and the Economy Package, 125 pills for \$1.00.

"When I have a headache, and feel as if I could not finish cooking the meals, I take Dr. Miles Anti-Pain Pills and by the time the meal is cooked, I am feeling fine and can enjoy the meal as well as the rest of the family.

"I use Nervine, both liquid and tablets, and find it a great help for my nerves."

Mrs. J. Doppler

TOBACCO

Between 350,000 and 400,000 tons of tobacco are consumed in the United States each year. After being processed, this is sold for approximately one and one-half billion dollars. The per capita expenditure for tobacco in the United States is about 2¾ times as much as for all religious purposes.

Tobacco carries such a heavy tax that the government receives \$1.51 in taxes for every

dollar received by the farmer who raises the tobacco. The tobacco bill of the United States is about ¾ as much as the total education bill.

FLIES

The female lays as many as six hundred eggs, which hatch in a few hours. In about two weeks the next generation of flies is developed. This figures ten or twelve generations a season.

To prevent cakes from sticking to the pan—turn the pan upside down and lay on the bottom of it a cloth wrung out of water. Leave about five minutes and remove cake.

WEATHER FORECASTS FOR SEPTEMBER, 1938

1st to 4th—Bright Period. Fair and seasonable in states east of the Mississippi river. Cool and fair over northern sections. Changeable conditions in states of the Pacific slope and those of the Rocky Mountain region.

5th to 8th—Rain Wave. Heavy rainfall in Mississippi, Alabama and Tennessee. Showery in Middle Atlantic and New England states. Unsettled over the northwest.

9th to 13th—Warm Period. Summer-like warmth general at this time. Local showers in central and eastern states.

14th to 17th—Threatening. High winds along the Gulf coast and south Atlantic. Rain in southern and eastern states. Blustery over Great Lakes.

18th to 22nd—Cool Period. Much cooler in north and northwest sections. Fair and cool in states of the Atlantic slope. Pleasant conditions in states of the southwest.

23rd to 26th—Unsettled Period. Cloudy over central and eastern states. Damp and foggy in states of the Gulf border and Atlantic plain. High winds over the northwest.

27th to 30th—High Winds. Very windy in states of the Rocky Mountain region and those bordering the Great Lakes. Cloudy over central and eastern states with showers along those of the Gulf border.

The temperature will be near to normal.

The precipitation will be slightly above the average.

ARE DR. MILES
ANTI-PAIN PILLS
GOOD FOR HEADACHE

I KNOW OF
NOTHING BETTER

MANY YEARS AGO Mrs. E. C. M. Hill bought a small package of Anti-Pain Pills on the recommendation of her Druggist. Since that time she has never been without them. She now buys the economy package containing 125 pills, six of which are in a small package. Mrs. Hill puts the large package into her medicine cabinet and carries the small box in her purse. She is then prepared to combat the pains of Headache, and Neuralgia, as well as Muscular Pains. It's a good idea, why don't you try it? You don't know when a Headache or some other common ache or pain will spoil the day or evening for you.

Dr. Miles Anti-Pain Pills

Popular because they act promptly—usually in just a few minutes—because they leave no unpleasant doped or drowsy feeling and don't upset the stomach—because they are pleasant to take—no sour or bitter flavor.

DR. MILES ANTI-PAIN PILLS are made for just one purpose. Relief in Headache, Neuralgia and Muscular Pains. They do not cure, do not remove the cause of these aches and pains, but they do help to keep you comfortable and give nature a better chance to correct the underlying cause of the trouble.

—At Your Drug Store —

Regular Package 25 tablets 25¢

Economy Package 125 tablets \$1.00

"Many years ago I went into the drug store and asked for something for headache. The druggist handed me a small box of DR. MILES ANTI-PAIN PILLS saying: 'These are as good as anything I know of.' We sell lots of them."
"I took one and I have never seen a time since that I was without them."
Mrs. E. C. M. Hill

HELPFUL HINTS

To remove tar from auto. First saturate all spots with linseed oil. Let oil stand for a few minutes, then with a cheese cloth, soaked in the oil, wipe carefully. You will be surprised how quickly and easily the tar will be removed. Of course it should then be wiped with a dry cloth to remove the oil. Try linseed oil on the accumulation of tar

and mud on the underside of your fenders. Soak tea and coffee stains in glycerine. Let stand for several hours, then wash.

Soak that ink spot in cotton, silk or woolen goods in turpentine for several hours and then rub between the hands.

Rub the marks on paint made by scratching matches, with a cut lemon.

13th to 17th—Unsettled Period. Cloudy and windy in south and southwest portions. Clear and cool over Rocky Mountains and states of the northwest. Variable conditions in eastern sections.

18th to 23rd—Cool Wave. Much cooler over states of the northwest and middlewest. Cold winds over Lake region. Cool and fresh over southern and eastern states.

24th to 27th—Fair Period. Clear warm days in southern part of the country. Fair and cool in northern sections. Windy over Lake region.

28th to 31st—Unsettled. Stormy conditions on Pacific slope and over the Rocky Mountain highland. Blustery and rainy in the northwest and middlewest. Stormy over Gulf and south Atlantic waters.

The temperature will be above average.

The rainfall will be generally deficient.

MAUD THOMAS is one of a great number of people who write us that they have tried many other treatments for nervousness before they found relief by using Dr. Miles Nervine. It would pay you to read her letter.

Dr. Miles Nervine is a good medicine to use when you are Nervous, Excitable, Wakeful, Restless. Try the medicine that, for more than fifty years has been bringing relief to sufferers from Tense Nerves.

DR. MILES NERVINE

Perhaps you think there is nothing you can do to relieve Nervous Tension. Possibly you are right, but so many nerve-racked people have felt better after taking Dr. Miles Nervine that, for nearly sixty years we have been selling it under a positive guarantee of satisfaction or your money back.

DR. MILES LIQUID NERVINE, originated by Dr. Franklin Miles. Used successfully in helping to relieve Nervous Tension for over fifty years.

DR. MILES EFFERVESCENT NERVINE TABLETS, contain the same effective ingredients as Dr. Miles Liquid Nervine with alkalizing agents added.

You will appreciate Dr. Miles Nervine when you suffer from Nervousness, Sleeplessness, due to Nervousness, Nervous Irritability, Nervous Headache, Nervous Indigestion, or Travel Sickness.

Get it at your Drug Store —

Liquid Nervine — Large Package \$1.00 Small Package 25¢.

I am a constant user of your medicine. I have been using Nerveine for the last ten years and I always have your Laxative Tablets in the house."

Mrs. George Scott

"Have been taking your Nervine Tablets off and on for quite a long time. I found them to be more than you claimed for them. They give quick relief."

F. H. Duncan

Try dropping a few drops of bluing into soap suds when you wash your glass ware. You will be surprised at how this will make it sparkle.

WEATHER FORECASTS FOR NOVEMBER, 1938

1st to 4th—Rain Period. General rains in states bordering the Appalachian region. Backward conditions at all points south. Damp and cool in states of the northwest and Lake region.

5th to 9th—Threatening Spell. Blustery and unsettled in states of the middlewest and southwest. Snow storms over the northwest, the Great Lakes and New England states.

10th to 13th—Cold Wave. Rough, blustery conditions at many points at this time. Much cold and bluster in the west and southwest.

14th to 18th—Storm Wave. Storms of snow and sleet in northern sections. High winds over Great Lakes and New England.

19th to 23rd—Pleasant Period. Mild, open weather in southern and eastern sections. Fair and cool in central and northern sections. Dry at many points.

24th to 27th—Unsettled Spell. Windy and threatening in south and southwest sections. Much bluster from the northwest, with unsettled conditions general.

28th to 30th—Cold Wave. Very cold in eastern sections with cold and snow locally in western sections. Blustery over the Lake region and New England.

The temperature will be above the average

The precipitation will be normal

Now
I SLEEP WELL
ALL NIGHT

A Soothing DOSE OF DR. MILES NERVINE

A SOOTHING dose of Dr. Miles Nervine often makes the difference between a night of broken rest and a night of sound refreshing sleep.

After two years of wakeful nights, Mrs. Naff tried Dr. Miles Nervine. It worked. She used it for Nervous Headache and got relief. Now you can always find Dr. Miles Nervine in Mrs. Naff's medicine cabinet. She tells about it in her letter.

Are you Wakeful, Fidgety, Irritable? Do you have Nervous Headache, Nervous Indigestion, Travel Sickness? Many people in your condition have found relief by using

DR. MILES NERVINE (Liquid or Effervescent Tablets)

Why don't you try it?

DR. MILES LIQUID NERVINE, has been a comfort to the nerve-racked and the sleepless for fifty years. Small bottle 25 cents. Large bottle \$1.00.

DR. MILES EFFERVESCENT NERVINE TABLETS, contain the same soothing ingredients as the Liquid Nervine. Recommended when the nervous condition is associated with hyperacidity.

Effervescent Nervine Tablets—Large Package 25 tablets \$1.00—after January 1, 1938 75¢. Small Package, 4 tablets 25¢ — after January 1, 1938, 8 tablets 35¢.

"I use your Nervine, in fact keep a bottle all the time. I have had wonderful results. For two years I could not sleep at night, now I sleep well all night. I never have a bad headache any more either. My husband and I both praise Nervine because of the relief it has given us."

Mrs. R. A. Naff

DR. MILES NERVINE

LIQUID OR EFFERVESCENT TABLETS

ELECTRIC LIGHTS

Illumination that would have cost from \$400.00 to \$500.00 in the days of candles, can now be purchased for from \$2.00 to \$2.50 with modern electric lights.

The same amount of light given by a modern light at from \$2.00 to \$2.50 would cost from \$20.00 to \$25.00 using the original electric lights made by Thos. A. Edison.

At a reception given for George Washington in 1790, lighting costs were \$10.00 an hour. Today the same amount of illumination could be furnished by electric lights at a cost not to exceed 20¢ an hour.

A tiny pinch of salt to the white of egg makes them beat up more quickly.

Try using a paint brush to get dust out of cracks and sharp corners, it will work much better than a cloth.

WEATHER FORECASTS FOR DECEMBER, 1938

1st to 4th—Changeable Period. Cold and windy in northwest sections with blustery conditions over Lake region, New York and New England. Unsettled and threatening in southern and eastern portions.

5th to 9th—Fair Wave. Changeable conditions over the Lake region with fair, cold weather in New York and New England. Pleasant days over southern and eastern sections, and bright sunshine in west and southwest sections.

10th to 13th—Blustery Spell. Windy and cold in northern parts of the country. Gales on the Great Lakes. Danger to sailcraft on the Gulf and Atlantic coastal waters.

14th to 19th—Storm Period. Very blustery and stormy weather on the Pacific slope. High winds in states of the southwest. Stormy over eastern sections with rain and sleet over Great Lakes and north Atlantic coast.

20th to 23rd—Snow Period. Rain, sleet and snow in states of the northwest and middlewest. Rain and sleet in eastern states; stormy and unsettled over Lake region and New England.

24th to 27th—Changeable Period. Unsettled over northern half of the country. Mild and balmy in southern states. Fair over eastern sections. Unsettled in states of the Pacific slope.

28th to 31st—Unsettled. Disagreeable and unsettled in the middlewest, the Lake region and the northeast. Rain in states bordering the Gulf and south Atlantic. Unsettled over southwest portions.

The temperature will be above the average.

The precipitation will be deficient in most sections.

Hollywood's FAVORITE GLOWN

Simon D. J. Collins
(Himself)

*You've got
something
there*

Simon D. J. Collins (The Clown)

The Show MUST GO ON

THAT is the slogan of America's entertainment world.

How often the antics of the clown cover a pain-racked body, only the clown knows. Simon D. J. Collins, whom you may have seen on the screen, with the Hagenbeck-Wallace Circus, or acting as a master of ceremonies, has found one medicine that helps him to live up to the traditions of his profession.

ALKA-SELTZER

Perhaps you too have found relief, not only from colds but from Acid Indigestion, Headache, "Morning After" and Muscular Pains, by using this pleasant, modern preparation. At any rate, you can try it and, if it does not help you, it will not cost you a cent.

ALKA-SELTZER'S DUAL ACTION

Because Alka-Seltzer contains an analgesic (sodium acetyl-salicylate) it tends to relieve pain. Because it contains alkalizing agents, it helps to restore and maintain a healthy alkaline balance in the body.

Get Alka-Seltzer at your Drug Store in thirty or sixty cent packages. Money back if it does not help you. Try a glass of Alka-Seltzer at your Drug Store Soda Fountains.

"Had Given Up All Hopes Of Working In The Afternoon"

"A fellow in my line of work must be ready to work at all times. Last week I played the Kansas City Missouri Food Show. In the middle of the week I caught one of the worst colds I ever had. At noon Wednesday I had given up all hopes for working in the afternoon and then I remembered Alka-Seltzer. I bought a large tube, started taking it and at 2 p.m. I was feeling so much better that I went on and I did not miss a show the rest of the week. They are great. "On April 8th, I open the circus season with the Hagenbeck-Wallace Circus in Chicago. That means colds and I'll be your best booster in getting fellow artists to use Alka-Seltzer to keep fit. I don't know what's in these tablets, but they certainly do the work. As a Comedian says, 'You've got something there.' You really have."

Simon D. J. Collins

Flag of the United States

The first flag of the United States was made by Betsy Ross, and approved by the Committee of which George Washington was a member in 1777.

The flag consisted of seven red and six white stripes and thirteen white stars on a blue background, a stripe and a star for each original colony.

Today there are forty-eight stars representing the forty-eight states and the original seven red and six white stripes representing the thirteen original colonies.

The colors of the flag have a special significance—Red for courage—White for liberty—Blue for loyalty.

Be Sure To Get Dr. Miles 1938 Calendar

Figures $\frac{3}{4}$ inch high

DR. MILES Calendar is the most popular calendar issued. The figures are large and easily read. The calendar pad is 10x13 inches.

It gives the time of rising and setting of sun and moon and a daily weather forecast. The wind chart shows the kind of weather to expect with the different wind changes. The leaves do not tear off, but turn over so that you may refer to any day of the year at any time.

Church and civil holidays printed in red.

If your druggist cannot supply you send us a 3 cent stamp and we will mail you one.

Our Money Back Guarantee

Dr. Miles Medicines usually relieve the conditions for which we recommend them. We would be glad to have you try any one or all of them at our risk.

Go to your druggist and procure a bottle or package (one only) of the medicine you think will help you. If after taking it all according to directions, you are not benefited, take the empty bottle to your druggist and get your money. *Miles Laboratories, Inc., Elkhart, Ind.*

Why DON'T YOU TRY DR. MILES NERVINE

MRS. Sears, who has a music store in Cottonwood, Arizona, has found Dr. Miles Nervine so effective that she recommends it whenever she has the opportunity. Recently her friend Mrs. H. A. Arnold was in a very nervous condition — couldn't sleep — couldn't sit still — felt utterly miserable. She took all kinds of treatments but nothing seemed to help her.

"Dr. Miles Nervine was recommended to me by Mrs. Sears of Cottonwood last week. I called at her store and complained of being very nervous. I had been advised by specialists that rest and relaxation was the proper treatment for me so I tried it for three months without results. Mrs. Sears said that Nervine had worked wonders for her at several times during her life when she had gone all to pieces nervously. I decided to try it. I took a dose before dinner Friday and one on retiring and then on Saturday morning another dose. It made me feel so much better that I went to see Mrs. Sears and thanked her for recommending it to me. You can't imagine what it did for me. It made me sleep like a brick, and I feel like a different person. Thanks to your Nervine and Mrs. Sears' faith in it."

When you are Nervous, Restless, Wakeful, when you have Nervous Headache or Nervous Indigestion, why don't you try the same medicine that Mrs. Sears and Mrs. Arnold and thousands of others find so effective.

DR. MILES NERVINE (Liquid or Effervescent Tablets)

Dr. Miles Nervine is not habit forming; does not depress the heart; acts to *permit* rather than to *induce* sleep.

Dr. Miles Nervine is sold under a positive guarantee, satisfaction or your money back.

Liquid Nervine — Large Package \$1.00, Small Package 25¢.

Effervescent Nervine Tablets — Large Package 25 tablets \$1.00—after January 1, 1938 75¢.

Small Package, 4 tablets 25¢ — after January 1, 1938, 8 tablets 35¢.

DR. MILES NERVINE

LIQUID OR EFFERVESCENT TABLETS

When
YOUR
Big Moment
Comes...

When your big moment comes, will you miss your chance because you are tense, nervous, "keyed-up" or will you be calm, cool, sure of yourself? . . . Mrs. Bauernschmidt says she finds Dr. Miles Nervine wonderful for her nerves before singing at concerts. (You will find copy of her letter below.)

"Wonderful for My Nerves"

I have taken four bottles of your nervine tablets and found them wonderful for my nerves, especially before singing at concerts, etc.

I have recommended them to a newly elected congressman's wife and she has taken them and said they are a wonderful sedative for the nerves.

—Mrs. Fred Bauernschmidt

Do tense nerves make you Wakeful, Restless, Irritable? Do they cause Nervous Headache, or Nervous Indigestion?

Dr. Miles Nervine

(liquid or effervescent tablets)

Is made especially for people in your condition. You can get Dr. Miles Nervine in liquid or effervescent tablets—both effective as a sedative. The liquid is made from the original formula developed by Dr. Franklin Miles.

Dr. Miles effervescent Nervine tablets furnish the same medication in a different form. They make a clear, unsweetened solution, and will be found

especially useful where the nervous condition is accompanied by hyperacidity.

Whether you use liquid or effervescent tablets, you must be satisfied with the results of the first bottle or package, or your money will be refunded—cheerfully, without dispute or quibble. You are the sole judge.

Get Dr. Miles Nervine, liquid or effervescent tablets at any Drug Store.

Large bottle or package, \$1.00
Small bottle or package, .25

DR. MILES NERVINE

Alka-Seltzer

WHEN YOU
Travel

You will find Alka-Seltzer a mighty helpful traveling companion, not only when you suffer from travel sickness, but for the relief of many everyday ailments.

When you are away from home, you probably eat too much today; too little tomorrow. Perhaps you smoke too much. You sleep less than usual.

As a consequence, you may suffer from Gas on Stomach, Heartburn, Headache, Colds, "Morning After" and Muscular Aches and Pains.

This is why it is even more important to have Alka-Seltzer in your travel kit than in your medicine cabinet. Mrs. Kilpatrick's letter tells the story. Read what she says:—

"From now on it's Alka-Seltzer for me"

"On a recent trip to Oregon and Washington, my stomach was upset all the time, my head hurt me constantly and I couldn't sleep at night because of gas on my stomach. My husband suggested that I try Alka-Seltzer. After the first two tablets, I was convinced that your tablets had them all beat."

On the trip I took just three bottles and came back to California feeling like a new woman.

From now on, it's Alka-Seltzer for me. I am never without it."—Mrs. Harry J. Kilpatrick.
